Speeding issues – Speeding issues are being monitored by the police and if there is a specific area that you would like attention to be paid please let us know and will endeavour to attend these locations and report back at the next meeting.

Distraction Type Burglaries – There have been a couple of incidents in the surrounding villages of elderly people being targeted during the daytime by bogus officials. Please can we make the elderly people aware in the village and make sure that IDENTIFICATION is asked for when anyone attends their address who is not a regular visitor. (Can this be passed onto the coffee mornings etc and contact points?)

Landrover Thefts – Landrover thefts are becoming more common in and around the Leeds area. As some of you may be aware the last Land Rover Defender was produced recently and thus these are now going to

- Select Protective Marking - - Select Covering Marking -

become harder to get hold of. Criminals are targeting these vehicles as a means of getting parts for them. Please advise anyone who has in particular a Land Rover Defender to make the best efforts to secure it and take the appropriate actions to make it harder to steal.

Fly Tipping – At present we are suffering huge amount of fly tipping in the rural areas around the Harewood Wards. The majority of the waste it seems is coming from cannabis farms which have been cultivated in the nearby areas. I would ask that if anyone see's any fresh fly tipping of this sort that they call the Leeds City Council Environmental Agency and get it removed. If anyone has any information regarding the criminal activity of producing cannabis please contact the police.

Many Thanks
