"A new Facebook group has been created, aiming to support Third Sector organisations working in and around the Local Care Partnerships.

The group is a place where you can access information about the LCPs, share the experience of LCP working and make suggestions on LCP development. The group is aimed at Third Sector colleagues, but anyone can join.

You can request to join the group via this

We also wanted to flag the below request from the COVID Explained campaign, so we are sharing directly for ease of sharing on:

Would you be able to help at all by putting a message 'call-out' with your email contacts, newsletters or social media for people who have just decided to or are looking into having their **1st vaccine dose**? We are searching for people who may be interested in sharing their story/reasons to get in touch for the [Covid Explained](#) campaign.

Feel free to use any graphic from the website, the one attached or just the wording?

Call-out:

Calling out for people who have just had, or planning to have their 1st dose of the covid vaccine! If you're happy to share your story/reasons to inspire others - it's not too late to get your first vaccine!
